

TEMPLATES FOR INDIVIDUAL ERAS

Print Only One Era

If you need to print only one era, you will want to find and print that section on the following pages of this chapter. The Era Cover Pages and their corresponding Date Labels are specifically formatted to be printed separately. Pages for just an era can be three-hole punched and kept in the back of the student's history notebook under a separate tab.

Remember, if you need to print out a complete Timeline Book, skip ahead to the next chapter to find Templates formatted specifically for an entire book. The labels there can be printed in one continuous stream without breaks between eras. You can print all those labels at one time, and follow the guidelines to separate the sections as you put it together.
